# Cross Disability Support Group

The DRAIL Cross Disability Support Group provides a supportive, non-judgmental, and educational environment to gather with other individuals to share and support their personal experiences. Please join us in sharing the challenges associated with living with a disability, integrating into community lifestyles, and functioning as an independent person while making a supportive connection to others.

"Any one of us could be affected by an unexpected life event or illness where peer support will be vital to our recovery and wellbeing"
